ABOUT US

North America's premier supplier of retail merchandising and display products.

Since Marketing Impact opened in 1986, we have been helping retailers and manufacturers maximize product sales and simplify inventory management on shelves and sales floors across North America.

From cutting-edge custom displays to traditional merchandising products and accessories, we are your source for effective display and merchandising.

- Over 4,000 functional, adaptable, innovative merchandising and display products with complementary accessories.
- Large on-site inventory so most orders ship within 24 hours or less.
- Modern 60,000 square foot facility with comprehensive manufacturing capabilities.
- Experienced team of creative designers and engineers constantly developing functional, effective displays and merchandising products.
- Exceptional innovation and creativity to create the trends and keep us ahead of the global marketplace.
- Outstanding customer service, fast answers and effective solutions to even the most complex merchandising challenges.

This catalogue is full of comprehensive display and merchandising products. No matter what your merchandising and display requirements or needs may be, Marketing Impact has the products to help you maximize visibility and sales.

If you can't find exactly what you're looking for in this catalogue, please call us! Our knowledgeable staff will work with you to create the ideal merchandising solution.

Sign Holder Systems

The most versatile systems of their kind in North America, with solutions for any signage need.

Sign Holder Frames

Imperial and metric frames are moulded in high-impact styrene with mitered edges. Use horizontally or vertically. Standard colours include white, black, red and beige. Custom colours are also available (minimum order required).

	<h3>Imperial Frames</h3> <table border="1"> <tbody> <tr> <td>3½" x 5½"</td> <td>SHO355</td> </tr> <tr> <td>3¼" x 8¼"</td> <td>SHO358</td> </tr> <tr> <td>5" x 6"</td> <td>SHO56</td> </tr> <tr> <td>5½" x 7"</td> <td>SHO557</td> </tr> <tr> <td>7" x 11"</td> <td>SHO711</td> </tr> <tr> <td>8½" x 11"</td> <td>SHO85</td> </tr> <tr> <td>11" x 14"</td> <td>SHO114</td> </tr> <tr> <td>5½" x 24"</td> <td>SHOMMF5524</td> </tr> <tr> <td>5½" x 36"</td> <td>SHOMMF5536</td> </tr> </tbody> </table>	3½" x 5½"	SHO355	3¼" x 8¼"	SHO358	5" x 6"	SHO56	5½" x 7"	SHO557	7" x 11"	SHO711	8½" x 11"	SHO85	11" x 14"	SHO114	5½" x 24"	SHOMMF5524	5½" x 36"	SHOMMF5536

How It Works: Reusable Magic Frame

The Reusable Magic Frame is a quick, clean and easy way to hang signage on any smooth flat surface. A special molecular gel allows repeated use while providing a secure attachment to walls or counters. No residual adhesive left behind! Easily display signs on:

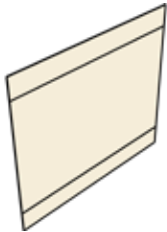

- Cooler Doors
- Windows
- Deli Cases
- Any smooth flat surface

Sticks to any smooth surface

No residue is left behind when removed

Reusable Magic Frame

Eliminate messy tape from your windows. Magic frame stays up in hot or cold weather, unlike suction cups. Display two-sided signs. Durable Clear plastic with white border or black. Custom colours available (minimum order required).

3½"W x 5½"H	RSH03555
5½"H x 8½"W	RSH08555

Modular Sign Holder Systems

In-store advertising is simple and effective with our full line of sign holders and accessories. For shelves, slatwall, pegboard, glass or mounted directly on your merchandise, we have a signage solution for your specific needs.

Manufactured from high-impact styrene and in variety of colours, they're built to last.

How It Works: Modular Signage Solutions

Select the size frame:

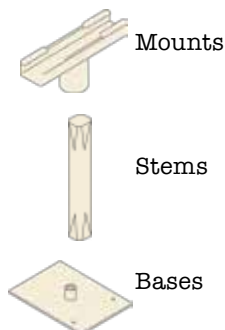

We stock a wide variety of frames in both imperial and metric sizes. Our patented locking mechanism keeps the sign securely in place, allowing you to display the frame vertically or horizontally.

+

Add a base and accessories:

Our bases and mounting accessories let you tailor the frame to suit your specific application.

=

The perfect signage solution:

With our combination of frame sizes, accessories and experience, we can help you with solutions to all your sign display needs.

How It Works: The Wobbler

The Wobbler is one of our most versatile sign holders. Signs hang directly from the Wobbler's hook for an interesting free-floating effect. The curved stem can hang signs above and in front of products sitting on shelves or hanging on pegboard or wire. Moulded in polycarbonate, the Wobbler is available in clear, black and white. Custom colours also available (minimum order required).

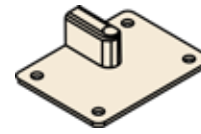

Includes:

- Mount
- 15" Stem
- Connector and Curved Wobbler

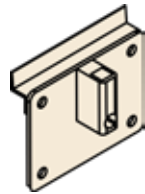

Wobbler - Glass Mount

Wobbler with 4 suction cups for attaching signage to a flat surface.

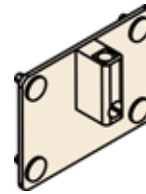

Wobbler - Gondola Mount

Wobbler with mount for attaching signage to a slatwall.

Wobbler - Slatwall Mount

Wobbler with 4 push pins for attaching signage to pegboard.

Wobbler - Pegboard Mount

Wobbler with base and curved stem for attaching signage to a gondola or shelf top.

The Wobbler

The Wobbler - Glass Mount	Clear	WOBBLERCL-GLASS

How It Works: Strip Mount Card Holder

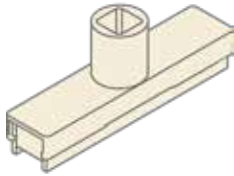

We like to design versatility into all our products, including the popular Strip Mount Card Holder. It grips cardstock 10 pt. - 30 pt. or a Pocket Sign Holder simply and easily. The Strip Mount also makes a great Aisle Marker when used with one of our Self-Centring Mounts. It can even be used as a gondola topper!

SHE2101: Strip Mount Card Holder

	<h3>Strip Mount Card Holder</h3> <p>Compatible with our modular sign holder systems. Available in lengths 1" to 48" long. Available in clear, black and white.</p> <p style="text-align: right;">SHE2101</p>	
	<h3>Wire Fence Clip</h3> <p>Clips your sign to a wire bin or rack. Requires Frame Mount SHA041</p> <p style="text-align: right;">SHA040</p>	
	<h3>C-Channel Pivoting Connector</h3> <p>Connects your sign directly to a C-Channel. Requires Frame Mount SHA041</p> <p style="text-align: right;">SHA042</p>

ACCSH0020

Coil Mounts

The Easiest Way to Attach Signage to Any Shelf. Moulded in clear polycarbonate. Custom colours also available (minimum order required).

How It Works: Spring Coil Mount

When it comes to displaying in-store signage, Coil Mounts give you unparalleled flexibility. The coil stretches to accommodate shelves up to several inches thick and reuse it as often as you'd like. Also, it won't scratch surfaces so it's perfect for wood and delicate surfaces.

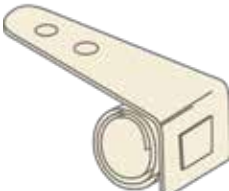

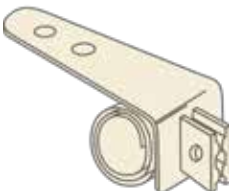

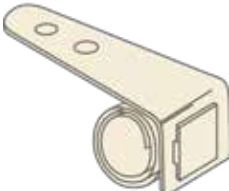

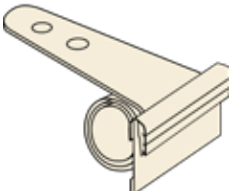

Great Flexibility

Spring Coil with Card Clip

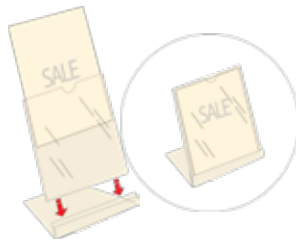

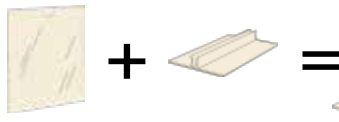

Spring Coil with Extrusion Adapter

	<p>Clear Spring Coil</p> <p>Holds labels, coupons and Pocket Sign Holders. Available with or without double sided tape. Moulded in durable, clear polycarbonate.</p> <p style="text-align: right;">SHA060</p>

Aisle Markers

Get these silent salespeople working for you! Double-sided for twice the exposure. Injection moulded corners are twin-pronged for maximum stability. Quality mitre-edge finish. Use our mounting accessories to hold your signs on slatwall, pegboard or a shelf. Aisle Markers are even great gondola toppers. Available in white, black, red and beige. Custom colours and lengths are also available (minimum order required).

How It Works: Aisle Markers with Mounting Accessories

Slide your signs into both sides of the extruded frame wall. Secure them in place with top, bottom and twin-pronged corners. Display it vertically or horizontally with our mounting accessories. Use with our Self-Centering Mounts and your Aisle Marker will bounce back if bumped.

The Kwickload[®] Pusher System

The Kwickload[®] Pusher System allows for quick and easy product restocking and rotation. A variety of fronts and mounting options makes it ideal for all your merchandising needs.

How It Works: Kwickload® Applications

The Kwickload®* Pusher System is the latest innovative addition to our pusher system family. Its sleek and visually minimal design is ideal for pushing bagged salad, packaged cheese and deli meats.

Kwickload® Display Stand

Kwickload® for Deli

Kwickload® for Produce

Kwickload® for Brick Cheese

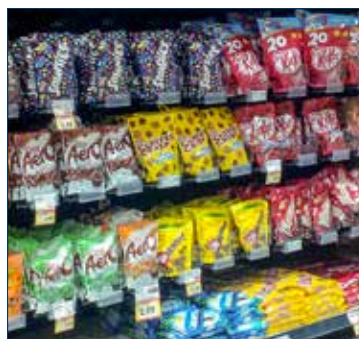

Kwickload® for Prepared Foods

Kwickload® for Freezer

Kwickload® for Personal Care Products

Kwickload® for Confectionary

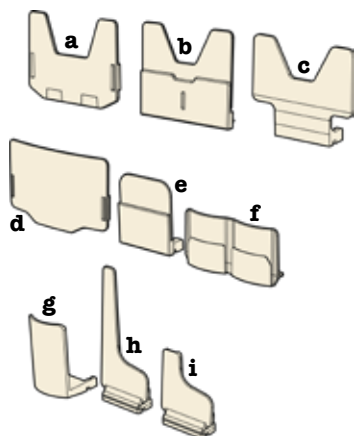

*US Patent # 9521913

How It Works: Kwickload® Pusher System

- Revolutionary slide out mechanism with locking paddle allows for easy one-handed stock loading and rotation
- Mounting options include standard crossbar and pegboard
- Available in different sizes to accommodate a variety of products
- Durable heavy-duty construction ensures reliability, even in freezers
- Patent pending

1 Choose a Front

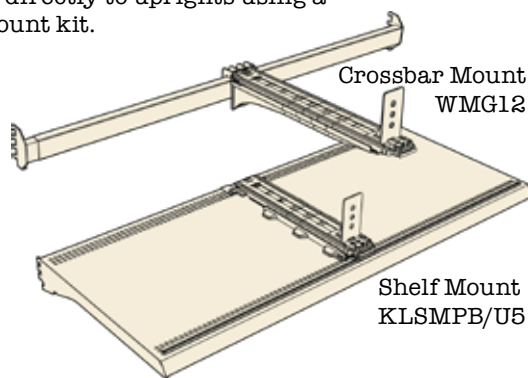

- a** CLRFRNT020 Large Clear Front for Double Track
- b** CLRFRNT002 Clear Front w/ Label Holder
- c** CLRFRNT001 Large Clear Front
- d** CLRFRNT007 Curved Clear Front
- e** CLRFRNT003 Small Clear Front
- f** CLRFRNT015 Double Clear Curved Front
- g** BTLNECKCLEAR Bottle Neck Front
- h** CLRFRNT005 Tall Clear Front
- i** CLRFRNT010 Short Clear Front

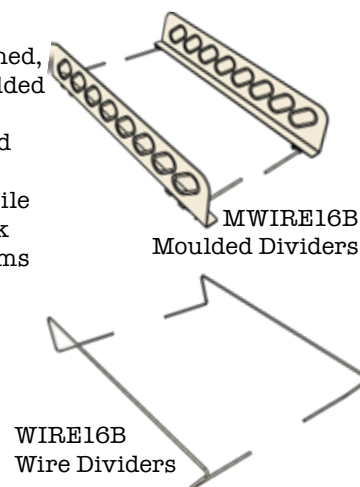

2 Select a Mounting System

Kwickload® Pusher Systems can be mounted to most standard store shelves with a Shelf Mount kit. They can also be mounted directly to uprights using a Crossbar Mount kit.

3 Choose the Dividers

Depending on the product being pushed, choose either Moulded Plastic Dividers or Wire ones. Moulded Plastic is designed for boxes items while Wire Dividers work best for bagged items like salad.

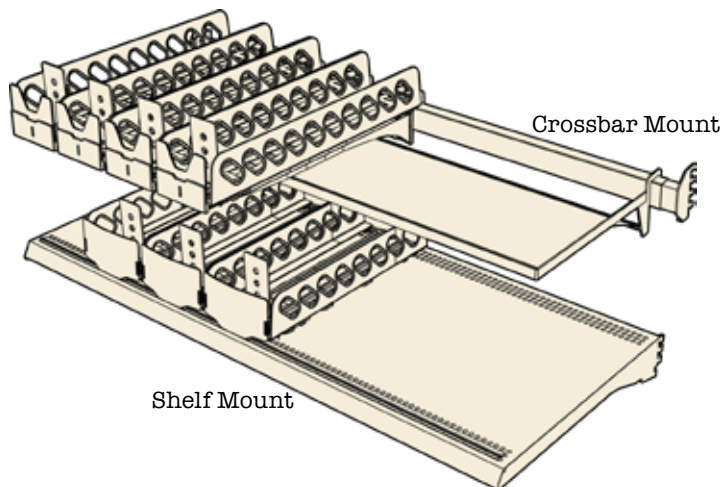

4 Add Optional Components

Customize your Kwickload® setup with add-ons designed for your specific application. The Shelf Cooler Baffle and Support bar helps circulate cold air when pushing products in a freezer.

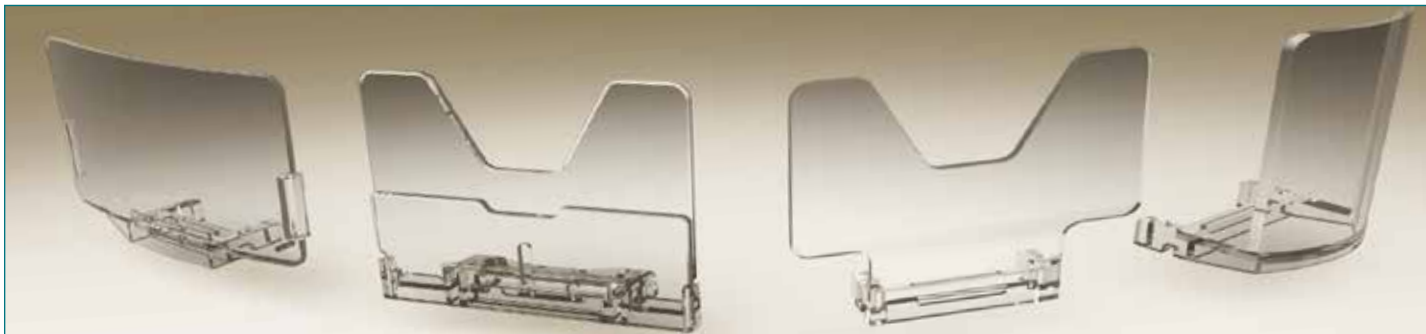

5 Assemble and Install

Kwickload® Parts and Accessories

With a variety of components and add-ons, you can tailor your Kwickload® Pusher System to suit your particular needs.

Total shelf merchandising flexibility with versatile pushers, dividers and category management accessories.

Spring Loaded Pushers

Give your sales a push! Our pushers keep your products up front where customers can see and buy them! Made from practically unbreakable high-impact styrene, our pushers fit any shelving system and are maintenance free! Available in white, black and custom colours (minimum order required).

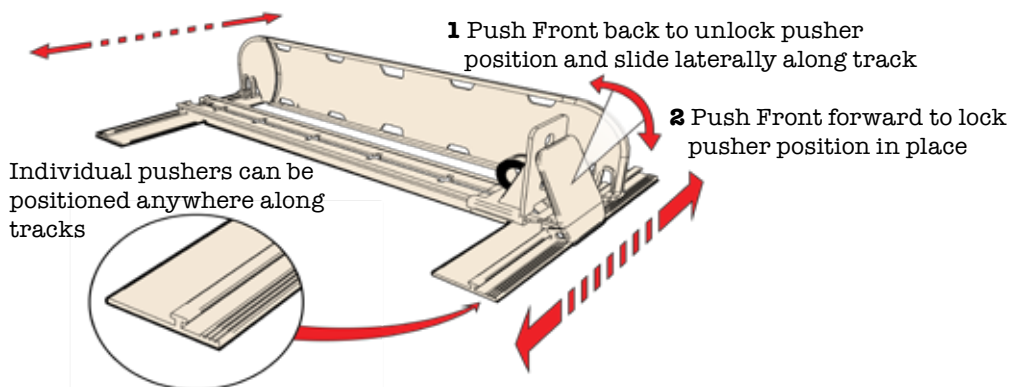

Gen 2 Light Duty Pusher System with 2" Adjustable Dividers

How It Works: Gen2 Light Duty Pusher System with Individual Fronts

Our new low profile Light Duty Pusher System* incorporates our slide and lock mechanism for unlimited layout adjustability that adapts to your product needs. This light duty pusher system is the perfect companion for our shelf dividers.

*Patent Pending

How It Works: Pushers and Dividers

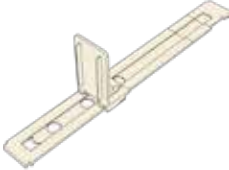

Equipping your shelves with Pushers and Dividers is quick and easy. First attach the snap bars to your shelves. Then snap the spring loaded pushers and dividers into place and adjust their position by easily sliding them left or right. We carry Pushers and Dividers for almost any shelving system.

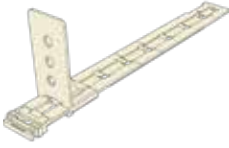

Visit our website, displaypeople.com, to learn more.

Shelf Mounting Dividers

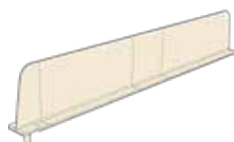

How It Works: Sliding Pin Divider

The sliding pin mechanism minimizes gaps between products and dividers, allowing you to maximize the number of products on a shelf.

Its one-piece construction allows for simple installation and maintenance and the dual-fastening system (front pin and back track) securely attaches it to the shelf.

Extruded Gravity Feed/Pusher System Kits

Our new Slide-and-Divide merchandising system is the gold standard for gliding racks. It uses cost-effective extrusion technology and injection moulding to create a durable modular system that can be extruded to any length, with dividers walls incorporated into every track. Width is adjusted by simply adding more tracks. As well, the tracks are fully compatible with our existing pushers, giving you lot of ways to customize your setup to match your merchandising needs.

Loss Prevention

Innovative Loss Prevention solutions tailored to meet your needs

How It Works: Loss Prevention

Answer these questions to help determine which loss prevention solution best meets your needs.

1. What's the width of your shelf?
2. What's the depth of your shelf?
3. What are the dimensions of the individual product?
4. What's the weight of the individual product and how many will fit in a row on the shelf?
5. Do you need a security door to control access to the products on the shelf?
6. Do you need a sliding door mechanism to limit product access to one at a time?

LOCKMG002: Lock Box

INWISECLI001: Secure Slide Shelf with SlideGuard

SECSYS001G2: Secure Merchandiser Shelf

Secure Merchandiser Shelf

Secure Merchandiser shelf is available in 24", 36", 48" widths and 12", 14" and 16" depths. Specify width and depth when ordering.

Kit Includes:

- 11 - Pushers
- 11 - Easy Lift Handles
- 10 - Dividers
- 10 - Panel Sliders
- 2 - Basic T-Snap bars
- 1 - Slider Shelf with Metal Topper
- 1 - Alarm

Hanging Retailers

The most comprehensive and versatile hanging systems in the industry.

The MAX Hanging Merchandising System

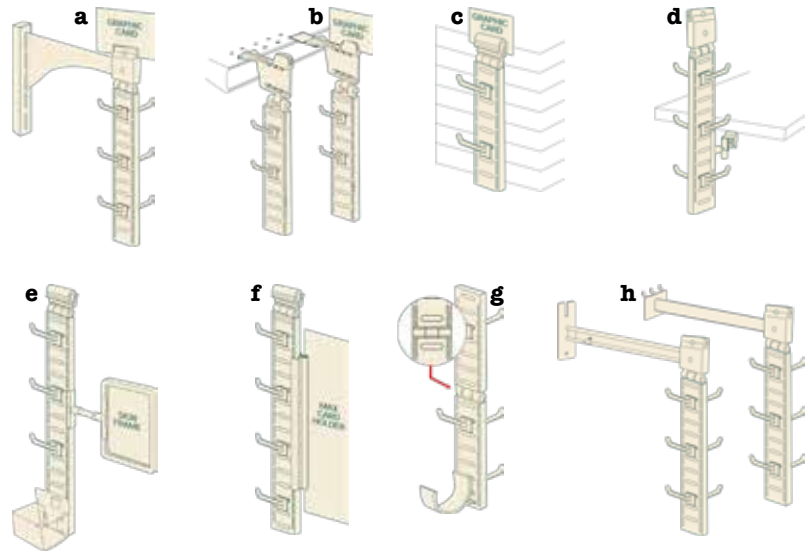

Cross-merchandise any product, maximize selling space, add signage and watch sales soar!

How It Works: The Max Mounting Options and Applications

The MAX can be hung in a variety of ways, including connecting it to another MAX for greater length. It holds a variety of standard hooks which you can position to accommodate the size of the product being hung from it.

- a** From a shelf bracket
- b** Using our MAX Hanger
- c** From a wire bin or sidewinder
- d** With a self-centring mount
- e** Adding sign holder frames
- f** With the MAX cardholder
- g** Linked to another MAX
- h** From expandable brackets

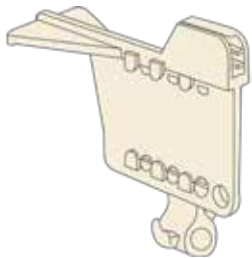

The MAX

Meet the MAX - your solution for turning empty space into a profit centre!

The MAX comes in 10", 20" and 30" lengths and includes hangers on both ends. One end can mount to a shelf and the other to a wire. Use with our Adhesive Hang-Tabs to hang almost product from a hook.

The three-sided MAX Spinner increases the products you can display three times. The MAX Spinner is designed to mount to various bases and extension arms, placing your product in a wide range of areas.

MAXSPINNER

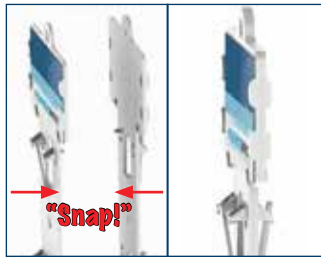

Strip Retailers & Accessories

How It Works: Heavy Duty Moulded Strip Retailers

Strips include an interchangeable graphic holder moulded in durable polyethylene.

Strips can be snapped together to form double-sided strips of 24 clips.

Strips can also be snapped together end-to-end to form longer strips.

Heavy Duty Moulded Strip Retailers

Twelve hooks with label area. Products clip onto strips. Can become a double sided strip retailer. Label area 1½"H x 2¾"W

How It Works: Custom Clip Strips

- Made from durable, tear-free material allowing the unit to last in the retail environment.
- The clip design securely holds the product to the strip, allowing it to be prepacked.
- Can be printed single or double sided to maximize brand presence.
- Simple and efficient design makes Custom Clip Strips an extremely cost effective merchandising tool.
- Strip shape and clip can be customized (minimum order required).

How It Works: Gift Card Extender Uses

Use the Gift Card Extender with The MAX or use the Double Clip to hang two strip retailers. You can even attach a header graphic to it. Double sided graphics can also be displayed using our integrated card clips.

Gift Card Hanger

The Gift Card Hanger lets product hang directly from a hook for an interesting free-floating effect. The unique base can mount to most wire and flat fences and is made from polycarbonate, so it's durable and economical. It's ideal for gift cards and cross merchandising. Fits most wire and flat fences. Moulded in polycarbonate. Available in clear, white and black. Custom colours also available (minimum order required).

Floor Standing Merchandiser

How It Works: Floor Standing Merchandiser

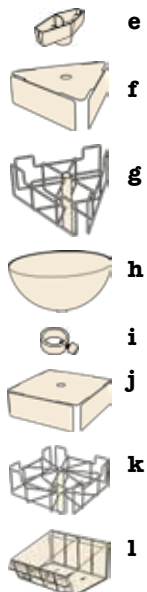

Capitalize on impulse sales with MIL's 360° Floor Standing Merchandiser. Fully customizable to suit your needs, our Floor Standing Merchandiser is comprised of modular pieces that allow you to setup your display the way you want. Add up to eight levels of our Multi-Purpose Bins, suspended from a Three-Way Wire Carousel or Four-Way Wire Carousel. Top off your display with eye catching signage using our Sign Clip Adaptor and/or a Clear Bowl for showcasing a product of the week.

1 Choose Your Pole and Base

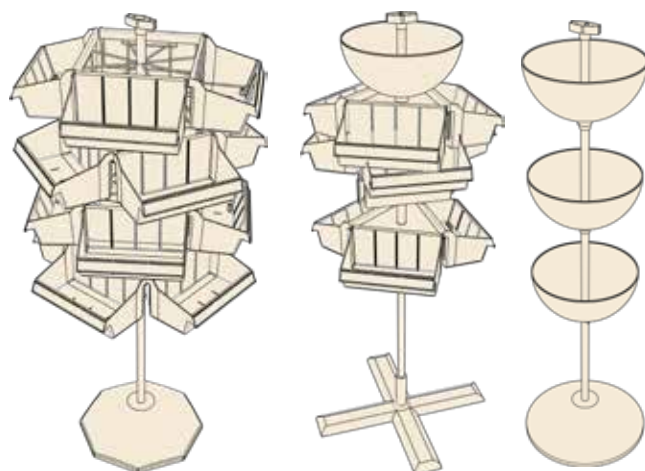

- a** DP001: Display Pole
- b** DB0004: Cross Base
- c** DB0003: Octagonal Base
- d** DB0002: Trumpet Base

2 Select the Accessories

Produce Bins

How It Works: Produce Bin Merchandisers

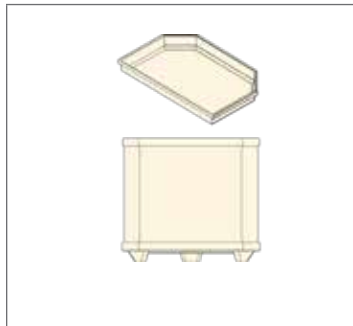

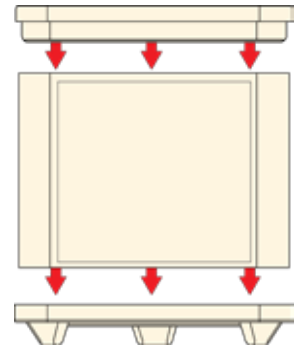

Produce Bin Merchandisers are merchandising bins that fold for convenient shipping and storage. They can accommodate large and heavy weight products while letting you use a very small amount of perishable inventory. The Top Tray and Bottom Base are vacuum formed in black ABS plastic. Cardboard walls can be silkscreened with graphics on all sides or on the front only with Kraft on remaining sides.

Skid Fender

How It Works: Skid Fenders

Skid Fenders protect your customers and skids. They also create a new advertising space.

1 Slide apart to the desired length

2 Connect the interlocking corners

Skid Fender

Skids in a store are an eyesore. Worse, they can be dangerous. Customers can trip over corners or bump into them with shopping carts. Our Skid Fenders protect both shopper and skid by wrapping the sides and corners with a sturdy, attractive bumper. They're also a NEW space for advertising. Skid Fenders expand from 31" to 55" and can be linked together to wrap around any size skid. Available black and red.

SKIDFEN001

Gift Card Spinners

How It Works: Custom Gift Card Spinners

Spinners are a popular way to display and merchandise gift cards. Our creative department can design an eye-catching gift card spinner that's convenient for your customers and space efficient for your retailers.

How It Works: LED Shelf Lighting

Integrated shelf lighting improves visibility of the products on display and elevates the brand's image in the mind of the consumer. According to the Lighting Research Center, the use of integrated shelf or point-of-purchase LED lighting also increases the likelihood of a purchase by 40%.

TERMS & CONDITIONS

TERMS OF SALE

- We accept Visa and MasterCard credit cards at time of order. We reserve the right to charge a 3% fee to cover the additional cost associated with credit card transactions.
- Invoice terms: Net 30, subject to credit approval.
- All pricing is subject to change without prior notification.
- We reserve the right to change or improve products without notice.

RETURN POLICY

- All damage or shortage claims must be made within 5 days of ship date. Failure to notify us within 5 days of shipment will constitute the acceptance of the shipment.
- No returns are granted without a return authorization number.
- Unauthorized returns will not be received.
- Customers are responsible for all freight charges related to returns.
- A restock charge of 25% applies to all returns and/or cancellations of catalog items.
- No returns after 30 days from date of shipment.
- No returns on any special work items (i.e. bagged/kitted items, painted items, non-catalog items, custom made items, etc.).
- No returns on items that have been damaged or altered by customer.

SHIPPING INFORMATION

- F.O.B is Concord, Ontario, Canada
- If products are damaged by a freight carrier, please notify the carrier immediately and mark the bill of lading as "damaged." Please then file a claim with the carrier.
- Customers are liable for any costs related to rejected collect freight charges wherein Marketing Impact is not at fault.

LIABILITY NOTICE

- Purchaser assumes all risk of liability and damages due to the improper use of our products.
- It is the responsibility of those who purchase from us, and/or their customers who apply our products, to select the proper part and to test those parts at a level that is commensurate with the nature of the application.
- Marketing Impact Ltd. is not responsible, nor assumes any risk or liability whatsoever, in connection with the products, or combination of the products, contained within.
- Marketing Impact Ltd. makes no warranty, expressed or implied, of any kind related to the use of our products.
- Claims against Marketing Impact Ltd. shall be limited to a refund or credit for the price billed or paid for improper merchandise.
- (All above items are subject to change without notice.)
